

NOTICE OF MOTION: HON JOYCE W. NG'ANG'A

Mr. Speaker sir, I beg to give notice of the following motion:

Mr. speaker sir, aware that our county has been going through challenges in terms of knowing the exact number of people with disabilities and the type of disabilities. Further aware that our institutions do not realize the type of challenges and strengths that these people have, aware that the buildings we have in the county including institutions, toilets, banks etc are not disability friendly, aware that the National Disabled Act 2003, is not implemented on the ground.

This house does recommend the CEC member in charge of Education do customize the National Law to find application in our county.

Thank you Mr. Speaker Sir

HON JOYCE W. NG'ANG'A
