PRAYERS

1. Administration of Oath
2. Communication from the Chair
3. Messages
4. Petitions
5. Papers
6. Notices of Motion
7. Statements
8. Motions and Bills

i. Hon. Joyce Ng'ang'a

Mr. Speaker Sir,

I beg to move the following Motion:-

Aware that human dignity, equity, social justice, inclusiveness, equality, human rights, non-discrimination and protection of the marginalized is a key principle of the Constitution of Kenya. Further aware that the law bestows upon the Government the duty to protect and ensure equity and equitable distribution of resources, employment opportunities and provision of disability friendly facilities and services.

Concerned of the graving disparity in the employment of people living with disabilities in the County Government, its entities and agencies. Further Concerned that no person living with disability has been employed in the county government public service.

Noting that most government as well as privately owned public buildings in the County are not disability friendly for their use.

Now therefore, I urge that this House does resolve that:

1. The County Government through the office of the Governor, the County Public Service Board and the County Assembly Service Board take immediate remedial measures to ensure employment of people living disabilities so qualified for the jobs available.
2. That this house does ensure compliance with the law to have at least 5% of the employment opportunities go to persons living with disabilities.
3. That the Department of Education, Labour and Social Services does come up with a program to ensure the persons living with disabilities are empowered with proper communication means to access county government information and communications. (E.g. availability of government documents and reading materials in braille for blind people.)
4. That the Department of County Public Works ensures that all public buildings and amenities are constructed and upgraded to disability friendly facilities.

Thank you Mr. Speaker Sir.

...../Motions and Bills

ii. Hon.Joyce Ng'ang'a

Mr. Speaker Sir, I beg to move of the following Motion:-

THAT aware of the high rate of unemployment in the County among the youth resulting in high crime rate. Further aware of the social ills that come with the said unemployment and lack of positive social activities for the youth to engage in.

Taking cognizance of the great potential that the music industry possess as a major source of revenue and employment. Further, noting the lack of programs geared towards development of the music industry in Nyandarua County.

Concerned the prevailing lack of policy and programs impacts negatively on the social and economic welfare of the society and the County in general.

Now therefore I urge that this House do resolve that:

- I. That the Executive Committee does develop a policy and program on music development through the relevant government departments to embark on nurturing, development and promotion of music through education, music talent shows and contests.
- II. That the musicians so nurtured through the programs be actively engaged by the County Government in its various programs as may be deemed fit.

Thank you Mr. Speaker Sir.

...../Motions and Bills

i. Hon.Nancy Ng'ang'a

Mr. Speaker Sir,

I beg to move the following Motion:-

Aware that the Constitution of Kenya bestows upon the County Government the function relating to promotion and regulation of cultural activities in the county. Further aware of the cultural practice and ceremonies of initiation as a rite of passage in majority of the communities residing in Nyandarua County.

Taking cognizance of the many hurdles and difficulties that the young boys as well as their parents face in finding appropriate and decent initiation training and facilities to undergo this rite of passage.

Noting that majority of the young girls in the County do not undergo the traditional initiation ceremonies that were practiced by the communities living in the County, but still do require proper and well-intended alternative rites of passage.

Further noting that the County government has played no role in these initiation ceremonies for the betterment and well-being of this young section of the County populace.

Now therefore, I urge that this House does resolve that;

1. The County Government through the Department of Education, Labour and Social Services does come up with a program to facilitate and co-ordinate the initiation rites of boys and alternative rites of passage for the girls in the County.
2. The County Government to offer financial, logistical support and engage with the relevant stakeholders (e.g. the Council of elders

otherwise known as *Athuri a Kiama* and the Church) in preparing curriculum and programs for the initiation rites of boys and the alternative rite of passage for the girls.

3. That the County Government does undertake to allocate funds for the program in the budgetary provision for the Financial Year 2015/2016.

Thank you Mr. Speaker Sir.
