SECOND ASSEMBLY
(No. 027)

SECOND SESSION-FIRST PART

TUESDAY, 10TH APRIL, 2018 AT 2.30P.M.

.....

ORDER OF BUSINESS

Prayers

1. Administration of Oath
2. Communication from the Chair
3. Messages
4. Petitions
5. Paper

i. Hon. Samuel Rimui Kaiyani (Chairperson, Youth, Sports and the Arts Committee)

Report of the Committee on Youth, Sports and the Arts on the Kenya Inter-Counties Sports and Culture Association and the County Assemblies Sports Association games, 2017 (Machakos Edition)

6. Notices of Motion

i. Hon. Samuel Rimui Kaiyani (Chairperson, Youth, Sports and the Arts Committee)

Mr. Speaker, Sir, I beg to give notice of the following motion;

THAT this House does report of the Committee on Youth, Sports and the Arts on the Kenya Inter-Counties Sports and Culture Association and the County Assemblies Sports Association games, 2017 (Machakos Edition) as a report of this House and the recommendations therein as a the resolutions of this House.

Thank you Mr. Speaker, Sir.

ii. Hon. Samuel Kinyanjui Njatha (M.C.A. Engineer Ward)

Mr. Speaker, I beg to give notice of the following motion:

Aware that the Part II of the Fourth Schedule to the Constitution of Kenya mandates the Counties with the functions of implementation of specific national government policies on natural resources and environmental conservation, including soil and water conservation as well as County public works and services, including storm water management systems in built-up areas;

Further aware that Article 189 of the Constitution requires liaison between the two levels of government for the purpose of exchanging information, coordinating policies and administration and enhancing capacity of each level of government to undertake its mandate;

Concerned of the consistent flooding and clogging of water ways along the road network in the county during the heavy rain season;

Further Concerned of the poor drainage mechanisms in place which render the on flow of the storm waters into people's farms causing massive destruction of farms and other utilities;

Noting that the County Government can collaborate with the national government to ensure adequate storm water management through proper systems to foster water harvesting and irrigation in the county.

Now therefore, this House does resolve that;

1. The County Government prepares a blueprint on storm water management system for the County;
2. That the County Government does consider sinking and building of water pans to harvest storm and rain water from the road reserves for ease of water harvesting and subsequent mitigation of the flooding menace on people's farms; and
3. That the County Government does seek any intergovernmental assistance to facilitate the successful implementation of the storm water management system and water harvesting techniques from the viable stakeholders.

Thank you Mr. Speaker Sir.

7. Statements

i. **Hon. Samuel Mathu Wainaina (M.C.A., Mirangine Ward)**

General statement on environmental conservation and tree planting during the rainy season

8. Motions and Bills
